Continuing Winter Clothing Drive for the Homeless

We are taking our first collection of winter clothing to the growing tent city near RT.676 in Camden. This tent city is full of people who have lost their jobs, are experiencing severe life problems, and are unable to pay rent/mortgages. Local shelters are full and turning many people away. This growing "tent city" just off RT. 676 has men, women, and children living in squalid conditions. Please continue to send in your used coats, hats, and gloves so that we can make a second delivery.

Be a Good Neighbor

Our neighbors at the Mullica Hill Meeting have requested that the meetinghouse parking lot be used only with permission. Please use only the High Street parking lot during the school day. All students should be dropped off or picked up from the High Street parking lot.
