

## Coupons for Military Families

My name is Ann Ciancia. My 8th grade service project is helping our Military men and women overseas. I have decided to help the U.S. Army base in Vicenza, Italy. I send donations of manufacturers' coupons to the military families to use while shopping at the PX (Post Exchange). These coupons make a big difference in their lives helping stretch their family's budget. I started this project over the summer and have sent coupons totaling \$11,400 to date.

Will you help me make a BIGGER impact for the holidays? I need the coupon inserts from your Sunday newspapers. No need to cut out individual coupons – I cut and sort all the coupons myself.

Send in your coupon inserts to school with your child. There will be drop boxes in all 3 buildings. Together we could make a BIG impact!
