## FRIENDS SCHOOL MULLICA HILL

*...changing our world for the better, one student at a time.*

*Service is defined as work done by one person or group that benefits another. Placing the needs of someone else ahead of yourself is often where service begins. Yet providing service to others benefits the server as well. Through these simple acts of service our world can be changed for the better.*

*We at Friends School believe we are doing just that; changing our world for the better, one student at a time. Whether it is our Alumni who travel across the globe providing donations and hands-on help or our Lower School students collecting Pennies for Peace or even our parents and grandparents volunteering their time within our own school community, our community at Friends is dedicated to service. Service is in essence a giving of oneself...giving of time, treasure and talent to benefit others.*

*As a non-profit, independent school, only 90% of our annual operating costs are covered by tuition and program fees; Friends School depends upon the generosity of its community to thrive. Mahatma Gandhi once famously said,*

**“You must be the change you want to see in the world.”**

*Please consider donating to our Annual Giving so we can continue to be that change, through our students, that we all want to see for our world. Thank you.*
